- A second photographer is recommended if your wedding exceeds 150 guests, to capture a variety of moments difficult with just one photographer.
- I love to travel! Pricing is for weddings in Austin-metro area. For other locations, a travel fee may apply.
- The typical turnaround times for pictures are one month for proofs and one week for enlargements, although I can work with you on any special deadlines.
- To reserve a date, there is a \$500 non-refundable retainer at the time of booking. This fee is applied to final price of the wedding, due two weeks before the wedding.
- For nontraditional weddings, ask for nontraditional prices. :)
- While we strive to keep this current, pricing and availability is subject to change until booking.
